

## Discover the Opportunities for Improvement in the Pet Food and / or Aqua Feed Manufacturing Processes

*Do you want to know if your production process is being carried out in the optimal way?*

We can gladly do an analysis of your production process and recommend improvement actions.

Among the opportunities for improvement we usually find:

- ✓ Better quality / digestibility / performance of final product
- ✓ Better appearance of final product
- ✓ Obtaining more uniform products in quality and final humidity
- ✓ Ensuring a longer shelf life of the feed by maintaining the highest possible humidity in the final product
- ✓ Better automatic control and traceability of the entire production process
- ✓ Better energy efficiency of the production line, lowering operating costs
- ✓ Safer and cleaner process
- ✓ Decrease in production losses
- ✓ Improved environmental impact, avoiding emission of particulate material and industrial odors
